

The graph illustrates the convergence of four metrics over time. The 'Prior' (orange) starts at approximately 40 iterations and decreases rapidly, crossing the 'Energy' (blue) curve at around time 0.05. The 'Energy' curve starts at approximately 35 iterations and decreases more slowly. The 'Fidelity' (green) starts at 0 and increases steadily, crossing the 'Prior' curve at around time 0.35. The 'Mass' (red) remains constant at a low value of approximately 1 iteration throughout the entire time range.

time	Energy	Prior	Fidelity	Mass
0.0	35	40	0	1
0.1	25	20	2	1
0.2	18	10	4	1
0.3	14	5	6	1
0.4	12	3	7	1
0.45	11	2	7.5	1
