

The figure displays four metrics over time:

- Energy (blue line):** Starts at approximately 55 and decreases to about 45.
- Prior (orange line):** Starts at approximately 55 and decreases rapidly, approaching the Energy curve.
- Fidelity (green line):** Starts at approximately 0.00 and increases slightly to about 0.01.
- Mass (red line):** Starts at approximately 0.00 and remains nearly constant.
