

The graph displays the evolution of four metrics over time. The x-axis represents time from 0.00 to 0.10, and the y-axis represents iterations from 0 to 100. The legend identifies the following series:

- Energy (blue line):** Starts at approximately 100 iterations and decreases rapidly, reaching about 15 iterations at time 0.10.
- Prior (orange line):** Starts at approximately 100 iterations and decreases rapidly, reaching about 10 iterations at time 0.10.
- Fidelity (green line):** Starts at 0 iterations and increases slowly, reaching approximately 10 iterations at time 0.10.
- Mass (red line):** Starts at approximately 10 iterations and remains nearly constant, slightly decreasing to approximately 8 iterations at time 0.10.
