

The figure displays four metrics over time (0.00 to 0.20). The 'Energy' (blue) and 'Prior' (orange) metrics decrease rapidly from high initial values, with 'Prior' decreasing faster. 'Fidelity' (green) starts low and increases slowly, while 'Mass' (red) remains constant and low.

time	Energy	Prior	Fidelity	Mass
0.00	100	100	0.00	0.00
0.05	20	10	0.05	0.00
0.10	10	5	0.08	0.00
0.15	8	4	0.09	0.00
0.20	7	3	0.10	0.00
