

The graph displays four metrics over time. The x-axis represents time from 0.00 to 0.06. The y-axis is unlabeled but has tick marks. The legend identifies the following series:

- Energy** (blue line): Decreases sharply from a high value at time 0.00 to a lower value at time 0.06.
- Prior** (orange line): Decreases sharply from a high value at time 0.00 to a lower value at time 0.06, closely following the Energy line.
- Fidelity** (green line): Remains near zero, showing a slight increase over time.
- Mass** (red line): Remains constant near zero throughout the time interval.
