

The graph illustrates the convergence of various metrics over time. The 'Prior' (orange) starts at approximately 38 and decreases rapidly, crossing the 'Energy' (blue) line at around time 0.05. The 'Energy' (blue) starts at approximately 38 and decreases more slowly. The 'Fidelity' (green) starts at 0 and increases steadily, crossing the 'Prior' (orange) line at around time 0.35. The 'Mass' (red) remains constant at 0 throughout the entire time range.

time	Energy	Prior	Fidelity	Mass
0.0	38	38	0	0
0.1	25	15	2	0
0.2	18	8	4	0
0.3	14	4	6	0
0.4	12	2	7	0
0.45	11	1	7.5	0
