

The graph displays the evolution of four metrics over time. The x-axis represents time from 0.00 to 0.12. The y-axis represents the values of the metrics. The legend identifies the metrics: Energy (blue line), Prior (orange line), Fidelity (green line), and Mass (red line). Energy and Prior both decrease rapidly, with Prior decreasing faster than Energy. Fidelity increases slowly from a low value. Mass remains constant at a low value.
