

The graph displays four metrics over time (0.00 to 0.25). The 'Energy' (blue) and 'Prior' (orange) metrics decrease as time progresses. The 'Fidelity' (green) and 'Mass' (red) metrics increase as time progresses. The 'Prior' metric starts at a high value and decreases rapidly, while the 'Energy' metric starts at a lower value and decreases more gradually. The 'Fidelity' and 'Mass' metrics start at low values and increase slowly, with 'Mass' increasing slightly faster than 'Fidelity'.

time	Energy	Prior	Fidelity	Mass
0.00	0.95	1.00	0.00	0.00
0.05	0.75	0.75	0.05	0.05
0.10	0.60	0.55	0.10	0.10
0.15	0.50	0.40	0.15	0.15
0.20	0.45	0.30	0.20	0.20
0.25	0.40	0.25	0.25	0.25
