

The figure displays four metrics over time and iterations:

- Energy** (blue line): Decreases from a high value to a lower value.
- Prior** (orange line): Decreases from a high value to a lower value, following a similar trend to Energy but slightly lower.
- Fidelity** (green line): Increases slightly from a low value.
- Mass** (red line): Remains nearly constant at a low value.

The x-axis is labeled with 'iterations' (0 to 150) and 'time' (0.000 to 0.150). The y-axis is unlabeled.
