

The graph illustrates the convergence of four metrics over time. The 'Prior' (orange) starts at a high value of approximately 80 and decreases rapidly, reaching near zero by time 0.6. The 'Energy' (blue) also starts at approximately 80 but decreases more gradually, leveling off at a value of about 10. The 'Fidelity' (green) starts at 0 and increases steadily, also leveling off at approximately 10. The 'Mass' (red) starts at 0 and increases very slowly, reaching a value of about 10 by time 0.8.

time	Energy	Prior	Fidelity	Mass
0.0	80	80	0	0
0.2	40	20	5	0.5
0.4	25	5	8	1
0.6	15	1	9.5	2
0.8	10	0	10	10
