

The figure displays the convergence of four metrics over time. The x-axis represents time from 0.00 to 0.20, and the y-axis represents iterations from 0 to 200. The legend identifies the metrics: Energy (blue), Prior (orange), Fidelity (green), and Mass (red). Energy and Prior both decrease rapidly, with Prior decreasing faster. Fidelity increases slowly from a low value. Mass remains constant at a low value.

time	Energy	Prior	Fidelity	Mass
0.00	180	180	10	10
0.05	100	100	20	10
0.10	60	40	30	10
0.15	40	20	35	10
0.20	35	15	38	10
