

The figure displays four metrics over time and iterations:

- Energy (blue line):** Decreases rapidly from a high value to near zero.
- Prior (orange line):** Decreases rapidly from a high value to near zero.
- Fidelity (green line):** Increases slightly from a low value.
- Mass (red line):** Remains nearly constant at a low value.

The x-axis is labeled with 'iterations' (0 to 60) and 'time' (0.00 to 0.06). The y-axis is unlabeled.
