

The figure displays the convergence of four metrics over time. The 'Energy' and 'Prior' metrics show a sharp initial drop, indicating rapid convergence. 'Fidelity' shows a very gradual increase, while 'Mass' remains constant, suggesting it is a conserved quantity or a baseline metric.

time	Energy	Prior	Fidelity	Mass
0.00	High	High	Low	Low
0.01	Medium-High	Medium-High	Low	Low
0.02	Medium	Medium	Low-Medium	Low
0.03	Low-Medium	Low-Medium	Low	Low
0.04	Low	Low	Low-Medium	Low
0.05	Lowest	Lowest	Low-Medium	Low
