

The graph displays four metrics over time (0.00 to 0.09) and iterations (0 to 80). The 'Energy' (blue) and 'Prior' (orange) curves decrease sharply, with 'Prior' decreasing faster. 'Fidelity' (green) increases slightly, while 'Mass' (red) remains constant.

Time	Iterations	Energy	Prior	Fidelity	Mass
0.00	0	High	High	Low	Constant
0.02	20	Medium-High	Medium-High	Low-Mid	Constant
0.04	40	Medium	Medium	Low-High	Constant
0.06	60	Low-Mid	Low	Mid	Constant
0.08	80	Low	Very Low	High	Constant
0.09	90	Lowest	Lowest	Highest	Constant
