

The graph displays four metrics over a time interval from 0.0 to 0.4. The 'iterations' axis (y-axis) ranges from 0 to 40. The 'time' axis (x-axis) ranges from 0.0 to 0.4. The legend identifies the following series:

- Energy** (blue line): Starts at approximately 38 iterations at time 0.0 and decreases to about 12 iterations at time 0.4.
- Prior** (orange line): Starts at approximately 38 iterations at time 0.0 and decreases more rapidly than Energy, reaching about 8 iterations at time 0.4.
- Fidelity** (green line): Starts at approximately 1 iteration at time 0.0 and increases steadily to about 15 iterations at time 0.4.
- Mass** (red line): Starts at approximately 1 iteration at time 0.0 and remains nearly constant, ending at about 1 iteration at time 0.4.

time	Energy	Prior	Fidelity	Mass
0.0	38	38	1	1
0.1	25	20	5	1
0.2	18	12	10	1
0.3	15	9	13	1
0.4	12	8	15	1
